

Legal Sector Workers United, part of United Voices of the World union, was created in 2019 by and for legal sector workers to organise against the many injustices prevalent in our deeply disunited and unequal industry.

Whether affected by pay gaps, poverty pay, workloads, stress, precarious work, divisions of labour, exploitation, abuse or mistreatment, LSWU will stand up for you — for what's right.

Paralegals, cleaners, barristers, clerks, solicitors, receptionists, and trainees are fully equal members of LSWU, working to secure justice for all.
